

Childhood

We can learn a lot about the past by finding out what it was like to be a child years ago and comparing that with what it is like today.

Artefacts

An artefact is an object from the past. Museums often display historical artefacts. Artefacts can tell us about how people used to live. Everyday objects like baby bottles, clothing, toys and books can tell us about childhood in the past.

Stages of human life

There are six stages of human life.

baby

toddler

child

teenager

adult

elderly

At each stage, people have different needs, responsibilities and lifestyles.

Family tree

A family tree is a diagram that shows someone's family. The oldest family members are at the top of the tree and the youngest are at the bottom. Every family tree looks different because no two families are the same.

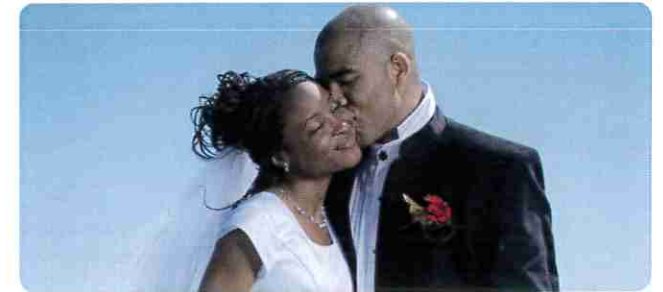

Important life events

Important life events include birthdays, religious festivals or family celebrations. Some life events happen every year and some happen at certain stages of human life.

Birthdays happen every year.

Weddings happen when two adults get married.

Retirement happens when an elderly person leaves work.
